

An Informative Half-day Workshop:

# Excavations: The Grave Danger

## 1 Who Should Attend . . .

This workshop is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. This course is a MTI Level One course. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

This workshop will provide an overview of MIOSHA Part 9, Excavations, Trenching, and Shoring. In addition, the electrical hazards and applicable regulations associated will be discussed. It is designed to assist participants in identifying hazards in the workplace, especially those associated with mobile equipment. There will be a brief description of soil mechanics. There will be time for questions and answers during the course.

### Agenda

*We offer a flexible  
program agenda  
to emphasize the  
construction  
topics you  
want most.*

- ▶ Part 9. Excavations
- ▶ Material Handling
- ▶ Electrical Hazards
- ▶ Soils Identification
- ▶ Hazardous Atmosphere

*This course has been approved for residential builders  
pre-licensure safety training requirements.*

The meeting site and parking is accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517.322.1809. The Department of Licensing and Regulatory Affairs is an equal opportunity employer/program.

# Facilitator

Jason Griffin was appointed to MIOSHA's Consultation Education and Training (CET) Division in 2010 and provides construction safety services for the mideast counties of Michigan. Jason has several years of experience in heavy construction. His experiences as a project and site safety manager have given him a unique perspective to managing safety in dynamic work environments. Jason has experience with multi-employer worksites and has learned first hand that awareness, extensive training, and a commitment to safety are essential to worker safety in complex construction environments.

Jason has a Bachelors degree in Business Administration from Davenport University. Jason's primary specialty is the management of work activities and safe work practices necessary to succeed in multi-employer work environments. Jason provides training and consultation to assist companies in the development of comprehensive safety programs and adherence to MIOSHA standards.

**Jason Griffin**  
*Construction Safety Consultant,  
MIOSHA, CET Division*
